Logline

In an old Forest, the Gray Wolf, a forest witch, and the goddess of death, Morena, find themselves on the same path. The path leads them to the Fern Flower, a flower of power. The fate of the Forest and even the whole world will depend on who gets hold of the Fern Flower.

Synopsis

Gray Wolf is a very strange wolf. He wears a watch, can walk on his hind legs and climb trees. The wolf enters the old Forest to break his curse. Unwittingly, he finds himself in the center of a confrontation between the witch Ulyana and the goddess of death Morena. Morena wants to pluck the Fern Flower to fulfill her wish, while Ulyana, on the other hand, has to protect it. What is the Gray Wolf to do if he also needs the Fern Flower, but at the same time he is head over heels in love with a young, red-haired witch of the Forest Ulyana? But maybe it's just Wolf's imagination and he just wants to eat the girl? In the end, Wolf decides to help Ulyana save the Forest from Morena's wrath. And Ulyana unwittingly helps the Wolf. Who would have known that behind the gray fur is a young man!
